-

WORK EXPERIENCE

- **Essentia Health, St. Mary's Medical Center, Duluth, Dec 2018 – May 2019**
 - Telemetry Technician
 - Read and assessed continuous ECG monitors for up to 40 patients.
 - Worked closely with nurses to ensure that providers were alerted to critical cardiac findings.
 - Used patient chart information and collaboration with nursing staff to assess patient criticality and appropriately prioritize ECG monitoring.
 - Troubleshooted issues with patient monitors, often working directly with patients to reapply ECG leads or change monitors.
 - Using EPIC health records software, updated patient charts to reflect cardiac rhythm changes, as well as ensuring appropriate documentation of routine monitoring results was reflected.
 - Worked in an interprofessional care team.
- **Rock Climbing Instructor and Guide, UMN Duluth, 2017-2019**
 - Provided instruction in a high-risk environment.
 - Worked with youth and adult groups.
